Stockholm 2003-03-25

By this letter I confirm that MRFA Design & Snickeri ( Reza Ahmadi) are doing the windows for Gucci Sweden, in terms of building and construction when we are changing image. He is also helping us with the running maintenance in the shop.

When the Gucci shop opened, Reza Ahmadi was also involved in the building (1998) and re-building (2001) the shop.

Eva Lindström
